### **DETAILED ACTION**

Claims 1-5, 7-9 are currently pending and are present for examination. Claims 1 and 7 are now under consideration. Claims 2-5, 8-9 remain withdrawn from consideration as being drawn to non-elected invention.

Applicants' amendments and arguments filed on 8-20-04, have been fully considered, ENTERED, and are deemed to be persuasive to overcome the rejections previously applied. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. Specifically Examiner has withdrawn the previous rejections under 35 U.S.C. 112, 1<sup>st</sup> paragraph (new matter issue) and 2<sup>nd</sup> paragraph in view of claims amendments and persuasive arguments presented by the applicant. On similar lines, Examiner has also withdrawn the previous rejection held under 35 U.S.C. 102(a) in view of the persuasive arguments presented by the applicant to show that the reference does not anticipate the claimed modified polypeptide.

### **EXAMINER'S AMENDMENT**

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 10-6-04, Nichols Seay requested an extension of time for 2 (TWO) MONTH(S) and authorized the Director to charge Deposit Account No. 17-0055 the required fee of \$ 220 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Art Unit: 1652

The application has been amended as follows:

- A) Cancel claims 2-5, 8-9 without any prejudice.
- B) In claim 1, line 4, insert "which are amino acids 337 through 340 of SEQ ID NO:1," after "Val-Asn-Phe-Thr,".

***Allowable Subject Matter***

Claims 1 and 7 are allowed.

The following is an examiner's statement of reasons for allowance: Following a diligent search it was determined that the prior art neither teaches nor suggests a modified  $\alpha$ -glucosidase enzyme, the modified form differing from the wild-type barley  $\alpha$ -glucosidase with the instant properties as claimed in claims 1 and 7.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Manjunath N. Rao, Ph.D. whose telephone number is 571-272-0939. The Examiner can normally be reached on 7.00 a.m. to 3.30 p.m. If attempts to reach the examiner by telephone are unsuccessful, the Examiner's supervisor, Ponnathapura Achutamurthy can be reached on 571-272-0928. The fax phone numbers for the organization where this application or proceeding is assigned is 703-872-9306/9307 for regular
